

WINGER

Tata Motors pioneers its way in the vans category by engineering a one-of-its-kind vehicle for the Indian market. The all-new Tata Winger commands a powerful presence with its bold and imposing front face and LED tail lamps. The all-new Tata Winger is a monocoque vehicle with distinguished features in terms of style, space, comfort and safety. Offering a unique combination of comfort for passengers and economics for the operator, the Winger addresses the pressing need of product performance and fuel efficiency for operators and the joy of travelling comfortably together for the passengers. The new Winger is an all-rounder with superior aesthetics, better economics and comfortable ergonomics making this the absolute winner in its category.
