

ALTROZ RACER

Tata ALTROZ is the first vehicle made on the ALFA architecture and is India's safest hatchback with a 5 star Global NCAP adult safety rating. The ALTROZ nameplate has set #TheGoldStandard not only in Safety but also in Design, Technology, Driving Dynamics and Customer Delight. Keeping with the promise of always providing the best, we introduce the ALTROZ RACER.

ALTROZ RACER is the performance avatar of the ALTROZ with race car inspired design combined with exhilarating performance to get your pulses racing! Combination of red and black colour on the exterior gives it an aerodynamic and sleek sporty look. While the dual white racing stripes makes it look ready to go, the interiors in granite black theme with red accents makes you feel charged and ready to roar.

The ALTROZ RACER is driven by the 1.2 L Turbocharged Petrol engine delivering 120PS power and 170Nm torque that gives an exhilarating drive experience. ALTROZ RACER comes with a host of premium features such electric sunroof with voice assist, ventilated leatherette seats, wireless charger, air purifier and 10.25" touchscreen infotainment.

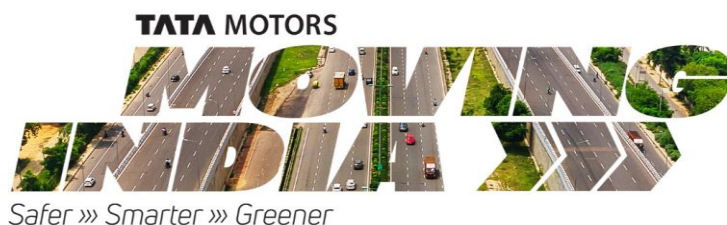

While the ALTROZ RACER is so rich on design and performance, it scores very well on safety with 6 airbags and 5 Star Global NCAP rated ALFA architecture
